WHY BECOME A BETTER FOOD TRADER?

We are a UK-wide network that supports and promotes ethical food businesses including shops, food hubs, market stalls and veg box schemes.

Join an amazing community of like-minded traders all working for people and planet, and all committed to selling sustainably-grown produce.

We share knowledge and resources, run online training sessions, create joint marketing campaigns, and advocate for a better food system.

Being a Better Food Trader is also a badge of honour - a way to show your customers that you commit to ethical and sustainable ways of working.

“It’s about finding solidarity about shared values, and it’s about values in action not just values in words.”

“You have supported us all in many different ways over the last months.”
- Paula Sharp, Veg Scheme Coordinator, Lee Greens

“It’s been wonderful to be part of such a great network and I’ve really enjoyed the meetings I’ve been able to attend.”
- Retts, Enfield Veg Co.

“A network I’m truly proud of being part of. And I feel less alone because of it. Thank you!”
- Rachel Dring, Growing Communities
